DETAILED ACTION

REASONS FOR ALLOWANCE

1. Claims 1-32 are allowed.
2. The following is an Examiner's statement of reasons for allowance:

The above mentioned claims are allowable over the prior art because the Cited Prior Art (CPA) fails to teach or render obvious the claimed limitations as recited in independent claims 1, 7, 8, 9, 14, 19, and 28, and the subsequent dependent claims.

The CPA does not teach or suggest a method or device for providing security function for preventing unauthorized use of regular data in a video game system, by providing two separate storage areas, the first one containing a first portion of the regular data and a dummy data and the second storage area storing the second portion of regular data which is necessary for the operation of the video game, and wherein reading of the first portion of the regular data is enabled if the input address and the dummy address do not correspond, and the reading of the first portion of the regular data and reading of the second portion of the regular data from the second storage area is enabled when the input address and the dummy address correspond.

The present invention addresses the drawbacks of prior art video game memory cartridge security systems:

- 1) the unauthorized analyzing and copying of the game program
- 2) the unauthorized execution of the game program

Thus the present invention provides a method and device for preventing the unauthorized use of a game program by providing two different storage areas for the regular data, wherein dummy data is used in place of the remaining regular data to disable the execution and reading of the game program if it is prohibited.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Kaveh Abrishamkar whose telephone number is 571-272-3786. The examiner can normally be reached on Monday thru Friday 8-5.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Ayaz Sheikh can be reached on 571-272-3795. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
